

PEDIATRIC ADVANCED LIFE PPORT COURSE (PALS) COURSE
PHA Global Summit 2024 at United Convention Center, Dhaka, Bangladesh
February 18, 2024 from 8AM – 6PM

Pediatric Advanced Life Support (PALS) Provider Courses:

Only registered participants will receive PALS e-Manual and AHA PALS e-Card.

To Register for PHA Summit 2024 courses: <https://www.phaglobalsummit.com/schedule>

Pediatric Advanced Life Support Course (PALS) course is conducted by experienced instructors and follow the guidelines of the American Heart Association (AHA), equipping physicians with crucial skills to enhance the quality of emergency care provided to seriously ill or injured children.

PALS hands-on class employs simulated pediatric emergencies to teach a systematic approach to pediatric assessment and treatment, covering cardiac arrhythmia management, respiratory distress management, and effective resuscitation team dynamics. PALS program includes practical training with manikins, Bag-Mask Ventilation, Endotracheal Intubation, Intra-Osseous Needle insertion, Automatic External Defibrillation. Simulated resuscitation scenarios are integral components of these training sessions. After successful completion, the participants receive PALS Course Completion E-card issued by American Heart Association.

Our professional Training group includes highly experienced PALS & BLS Instructors certified by American Heart Association, USA.
