Message

I am happy to know that Pediatric Education Development Society International (PEDSI) and Bangladesh Paediatric Association (BPA) is going to organize jointly an International Conference on February 26, 27 and 28, 2021.

Bangladesh Pediatric Association is engaged in the protection, promotion of child health in Bangladesh as well as enhancement and development of child life and health. In this endeavor BPA is working with GoB and the development partners. Thus, BPA is continuously holding CPD and periodic workshops, seminars, symposium for its members disseminating the current evidence based scientific information and to update knowledge and attitude of child care.

I hope that this great initiative will play an important role in reducing the infant mortality rate as well as resolving various problems relating to child health issues. I believe that this bridge of renowned and experienced physicians from home and abroad will further enrich pediatrics. Professional meet like this will open an opportunity for sharing knowledge, ideas and research among the participants.

I wish a great success of this conference.

Prof. Manzoor Hussain
President,
Bangladesh Pediatric Association (BPA)

Message

I am very glad to know that Pediatric Education Development Society International (PEDSI) and Bangladesh Paediatric Association (BPA) is going to organize jointly an International Conference on February 26, 27 and 28, 2021.

Bangladesh Paediatric Association is playing a pivotal role for the overall development of child health as well as for the protection and development of professional dignity of paediatricians of Bangladesh. Bangladesh Paediatric Association (BPA) is also regularly holding seminar, symposium and workshops on paediatric related issues to keep the paediatricians updated on recent development of paediatrics. BPA is also working with Government of Bangladesh as well as development partners for development of child health and education as well as in the development of skill and expertise of paediatricians in different fields.

I hope that this joint initiative by Pediatric Education Development Society International (PEDSI) and Bangladesh Paediatric Association (BPA) will play an important role for overall development of child health and update paediatricians on recent development of paediatrics and resolving various issues related to child health.

I firmly believe that this bridge of joint collaboration of renowned paediatricians from home and abroad will open a new era for sharing knowledge, skill, ideas and research among paediatricians.

I wish this conference a great success.

Prof. Mohd. Zahid Hussain
Secretary General
Bangladesh Paediatric Association (BPA)
